

## CLEANLINESS – A VIRTUE TO IMBIBE

Cleanliness is a practice and not a project. In every aspect of life, purity and holiness, cleanliness and refinement exalt the human condition as you are the window through which you must see the world.

Come, let us join hands to inculcate the golden habit of cleanliness in us; spread the message of 'Swacchata' to make our environment healthy, happy and a better place to live in.

स्वच्छ
