Dear Parents,

This is to inform you that we will be introducing a mobile app for homework called – Snap Homework. It will create a bridge so as to bring teachers, students and parents together to improve students' performance and make e-learning a possibility.

It is a tool for teachers to communicate with parents regarding homework activity so that parents are kept informed as they receive the notifications as instant messages in their phones.

The steps to install Snap Homework App for parents is attached overleaf. Please follow these simple steps to get connected so that you are always aware of the homework given by the teachers in school.

Regards

Simmi Juneja
