

Report on Tata Power Club Energy

DAV Public School Thane conducted a workshop for the students of std VII to X on Education and awareness programme for “Energy and Resource conservation. Disaster management and an active citizenship “organized by Tata Power Club Energy on 6th Oct 2017 in its school premises. The workshop highlighted the important aspects of using electricity. It created an awareness amongst the students to minimize the use of electricity. The students were encouraged to focus not only Energy savings but also on resource conservation.

The programme guided the students to play an active role for conserving electricity. The students were sensitized about the safety measures to be taken to avoid energy crisis. They pledged to save energy for a better tomorrow by promising that they would take all earnest steps to conserve the resources. The students were also advised to keep check on the electricity consumption of their families.

The workshop concluded with a very highly informative video presentation conveying the message that “Together we can make a difference.” The students dispersed with the realization that, it’s time to think, time to act, time to save energy and it’s time to light up lives.
