### STD I & II

A **Badge Making** Activity was held on the occasion of Earth Day to sensitize the students towards the environment and bring about an awareness regarding conservation of environment. Children enthusiastically participated in the making and colouring of 'Environment Day Badges' They coloured these badges with beautiful blue and green colors that symbolize the Water and Land on Earth. They also wrote slogans which emphasized on making the earth a better place to live in.

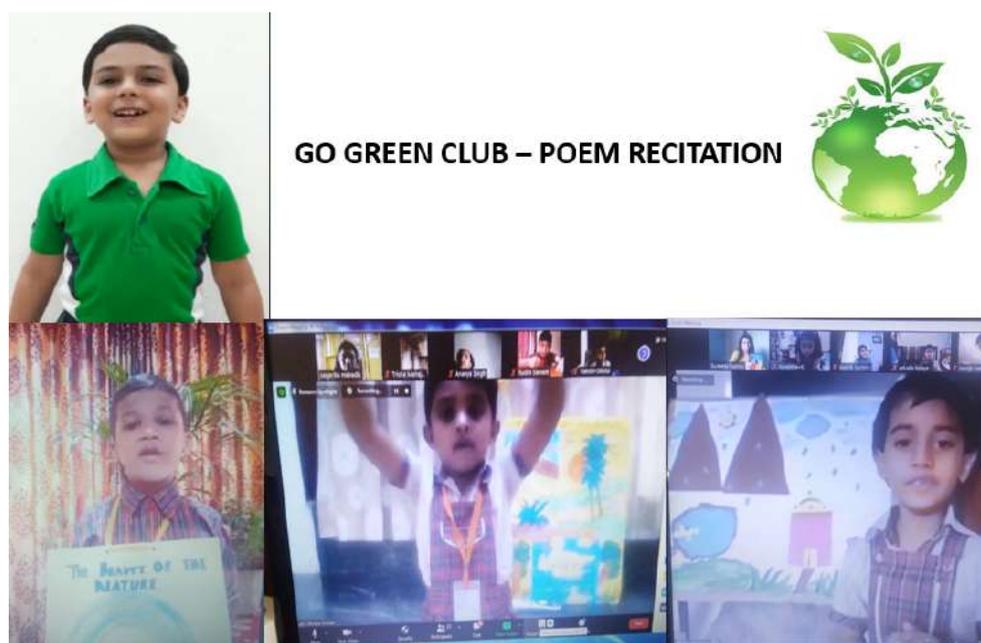

**Mono Acting** competition was the most highlighted activity of the club. Children were wonderfully dressed as the endangered marine animals. Various props, flashcards were used by the students to convey their message very strongly. Their voice modulation, expressions and most importantly their confidence was commendable.

**“Poetry is when an emotion has found its thought and the thought has found words”**

**- Robert frost**

In order to make students feel connected with nature, **Poem Recitation** was held with the theme- Beauty of the nature. Children thoroughly enjoyed the beauty of expression, thoughts, feelings, rhyme, rhythm and music of words.

## STD III to V

**“Only the prepared speaker deserves to be confident.”**

The participants in the **Elocution Competition** displayed oratory skills with zeal & enthusiasm. Every participant was given precisely 1 minute to deliver the content. It was indeed astounding to see the amount of effort they had put in. The topic content in the Elocution Activity was exciting and judging the winners was difficult for the teachers.

The key to waste management is to ensure proper segregation of waste and recycling. To emphasize this concept **‘Best Out of Waste’** Activity was conducted with the theme **‘Think Out of Trash’**. Children used broken bangles, plastic bottles, peanut shells and other waste articles from day to day life and made constructive and beautiful objects. The creativity and imaginative skills of the students are worth appreciating.

The icing on the cake was the stunning **Power Point Presentations** made by the students on the theme- Save Water. Selection of background colours, graphics, icons etc showcased children's passion for technology.

**USE BUCKET TO WASH YOUR CAR. SAVE WATER**

**Why should we save WATER**

Of All Water In World, Only 3% Of Water is Fresh.  
Less Than One Third Of 1% Of This Fresh Water is Available for Human Use.  
The Rest is Frozen In Glaciers Or Polar Ice Caps Or Locked Within The Earth Beyond Our Reach.

Water is the most essential, portable and precious resource on earth. It helps humans and other creatures in many ways. It helps us to grow vegetables and eatables, clean the floor, wash our hands, etc.

But some people do not understand the importance of it and waste it. Not only that, they pollute it. Such as when we brush our teeth we forget to close the tap while brushing, taking bath, etc.

**Save Water**

**Wasting water is bad.**  
All living things need water!  
Together we should save.  
Everyone can help.  
**Reuse water please!**
