

D.A.V. PUBLIC SCHOOL, THANE

SESSION: 2026 – 2027

REPORT

"Save Environment, Save Life"

D.A.V. Public school organised Environment club activities on account of 'World Environment Day' in the school in the month of June to nurture and empower students who are passionate about environmental protection and sustainable living. the Environment Club invites students to voice their ideas, display their talents and deepen their understanding of pressing environmental concerns.

The students of std III to V actively participated in the club activities.

The Environment Club conducted a series of engaging activities during the month of June to create awareness about nature conservation and sustainable living among students. These activities encouraged students to express their creativity while learning the importance of protecting the environment.

Activity 1: Show & Tell – My Favourite Animal/Plant (Std:3)

Students brought pictures or drawings of their favourite animal or plant and confidently spoke 3–4 lines about it. They explained its habitat, why they liked it, and shared ways to protect and conserve it. The activity also encouraged students to adopt a healthy lifestyle and reduce the use of plastic.

Activity 2: Nature's Voice – Monologue (Std:4)

The students of std 4 presented imaginative monologues by becoming a river, tree, air, or soil. They expressed the problems caused by pollution and suggested simple solutions such as saving water, conserving energy, planting trees, and keeping the surroundings clean. The activity developed environmental awareness and communication skills.

Activity 3: Climate Action Pledge Booklet (Std: 5)

Students of std 5 created colourful mini booklets by folding paper and writing or drawing their environmental pledges. They promised to switch off lights when not in use, plant trees, save water, reduce plastic use, and keep their surroundings clean. As part of the "Ek Ped Maa Ke Naam" initiative, students planted a sapling in honour of their mothers and pledged to nurture it with love and care.

Outcome:

The activities inspired students to become responsible citizens by adopting eco-friendly habits, conserving natural resources, reducing plastic use, and actively participating in environmental protection. Students enthusiastically took climate action pledges and demonstrated a strong commitment towards building a greener and healthier future`.
