Mathematics

My Family Numbers, My Mathematics Learning

As part of our Mathematics project-based learning, students are required to prepare a creative project using their parents' mobile numbers. The aim of this activity is to help children understand large numbers, place value, ascending and descending order, odd-even numbers, and basic number operations in an interesting and practical way.

- Students will write their mother's and father's mobile number (or any two family members) in figures.
- Using the digits of each mobile number form the greatest and smallest 9-digit numbers. Write the number names of the 9-digit numbers formed in both the system of numeration.
- Also find the sum of digits of each mobile number and using the multiplication trick of 2-digit number write the multiplication table of the sum formed in a creative way.
- They may also create activities like a family number tree, number flower, place value house, or mobile phone model to make the project attractive. Students are encouraged to decorate the project neatly using colours and shapes.

Science

Nature's Magic Colours

Prepare a natural dye using any forest product such as turmeric, henna, tea or flowers. Use this dye to colour a white handkerchief.

Given below are the steps for two dyes.

Turmeric Dye

1. Take 2–3 teaspoons of turmeric powder in a bowl.
2. Add 1–2 cups of water and mix well to make a yellow solution.
3. Take a clean white handkerchief and dip it completely into the turmeric dye.
4. Leave the cloth in the dye for 15–20 minutes so it absorbs the colour.
5. Remove the cloth and gently squeeze out extra dye.
6. Rinse lightly with water (optional) and dry it in shade.

Henna Dye

1. Take 2–3 teaspoons of henna powder in a bowl.
2. Add water slowly and mix well to form a smooth paste.
3. Add a little more water to make it into a liquid dye solution.
4. Leave the mixture aside for 1–2 hours to release the colour.
5. Take a clean white handkerchief and dip it into the henna dye.
6. Keep the cloth soaked for 30–60 minutes for better colour.
7. Remove the cloth and gently squeeze out the extra dye.
8. Rinse lightly with water and dry it in shade.

On an A4 sheet, include the following:

1. Title: (Write the title)
2. Materials Used: (e.g., turmeric/henna/tea/flowers, water, bowl, cloth, etc.)
3. Procedure: (Write the step-by-step method you followed to prepare the dye and colour the handkerchief.)
4. Observation/Result: (Mention the colour obtained and how the cloth looks after dyeing.)
5. List of Forest Products and Their Uses: (Write any 5 forest products along with their uses you may paste pictures for better presentation.)

Mini Survey Project

Concept: Popular Mobiles used in the society

Task: Ask 5–10 people:

Collect the following details:

- Name of the Person
- Brand Name
- Model
- Operating System
- RAM
- Storage Capacity

 **Task:**

Create a table in MS Word and enter all the above details neatly in a tabular format. Ensure your table is well-organized and properly formatted.

Save your document and email it to your teacher

std5pdfcomputer@gmail.com

✦ *This activity will help you understand popular mobiles and their specifications. This activity will also improve your MS Word skills.*

Art/ Craft

Mandala Art

1. Students will draw a circle or square in the center of the paper Size : 20 cmx20cm.

2. Students will use geometric patterns, circles, polygons to create a detailed Mandala Art.

3. Colour it with colours of your choice."

The page is framed by a colorful border of various school and math-related icons. At the top, there's a grid, a yellow pencil, a blue box, a yellow pencil sharpener, a red pencil, and a red notebook labeled 'MATH'. Below these are a blue circle with a yellow plus sign, a red circle with a yellow plus sign, and a blue circle with a yellow plus sign. On the right side, there's a blue circle with a yellow plus sign, a blue circle with a yellow plus sign, and a blue circle with a yellow plus sign. At the bottom, there's a blue circle with a yellow plus sign, a blue circle with a yellow plus sign, and a blue circle with a yellow plus sign. In the center, there's a blue circle with a yellow plus sign. The background is light blue with scattered yellow plus signs and red minus signs.

Music

Students will learn the patriotic song "Sare Jahan se aacha"- and make their creative video and mail it to the given email id.
