

# **If I would be a tree**

**If I would be a tree**

**I would swing with the air**

**I would sing a song**

**I would love to share my thoughts**

**I would create my own world**

**With new flowers and fruits hanging on it**

**I would share my shade everywhere**

**And would not let anyone go anywhere**

**I would give you oxygen**

**And take carbon dioxide**

**I would sing with the birds**

**I would talk with the insects**

**Just one thing to say**

**Please help me survive**

**Keep me alive**

**I promise I would provide you everything**

**Shreeya Rajput**
