D.A.V. PUBLIC SCHOOL, THANE
SESSION: 2026–2027

DHAI AKHAR NATIONAL-LEVEL LETTER WRITING COMPETITION

DATE: 22.10.2026

WORDS THAT CONNECT, LETTERS THAT INSPIRE!

DAV Public School, Thane, enthusiastically participated in the **Dhai Akhar National-Level Letter Writing Competition 2026–27**, organised by the Department of Posts, Government of India, with the objective of reviving the tradition of handwritten letters and encouraging students to express their thoughts, emotions and creativity through the written word.

In an age dominated by instant messaging and digital communication, the competition provided a wonderful opportunity for students to rediscover the charm and significance of letter writing. It aimed to nurture creativity, enhance writing skills and encourage meaningful expression among young learners.

The competition was conducted on **22nd October 2026 in the school library**. The participating students assembled during the fifth period following an announcement. The activity was conducted over two consecutive periods, allowing students adequate time to thoughtfully compose their letters. The letter sheets were provided by the school, while students brought their own stationery and pens. In keeping with the guidelines of the competition, all letters were written on the spot under the stipulated time.

The theme for this year's competition was **"A Letter to Mother Earth: My Promise to Protect Nature."** The topic encouraged students to reflect upon the pressing environmental concerns of our times and articulate their personal commitments towards protecting the planet. Through their letters, students expressed their concern about environmental degradation, pollution, deforestation and climate change, while highlighting the importance of conserving natural resources, reducing waste, planting trees and adopting sustainable practices.

The participants displayed remarkable imagination, sensitivity and awareness as they translated their thoughts into heartfelt messages addressed to Mother Earth. Their compositions reflected a sense of responsibility towards the environment and reinforced the belief that even small individual actions can contribute to a healthier and greener planet.

The initiative offered students a meaningful platform to strengthen their literary abilities while developing environmental consciousness. It also highlighted the enduring relevance of handwritten communication as a powerful medium of personal expression.

Through this enriching experience, DAV Public School, Thane, reaffirmed its commitment to nurturing young minds who are not only articulate and creative but also socially and environmentally responsible citizens.
