D.A.V PUBLIC SCHOOL, THANE
SESSION: 2026-2027
DATE: 05.10.2026 - 09.10.2026

SCREENING OF THE EDUCATIONAL MOVIE 'SCHOOL TIFFIN'

"A Reel of Kindness, A Real Lesson for Life."

In a thoughtful endeavour to make learning more engaging and meaningful, DAV Public School, Thane, facilitated the screening of School Tiffin, an educational movie presented as part of an initiative by the Thane Municipal Corporation (TMC). The screening was conducted for students of Std. VI- X from 05th October 2026 to 09th October 2026. Blending the charm of storytelling with the richness of experiential learning, the initiative sought to impart valuable life lessons through the captivating medium of cinema.

The movie School Tiffin takes viewers into the familiar world of schoolchildren, where the lunch break becomes much more than a time to eat. Through everyday interactions and heartwarming moments, the film beautifully illustrates how sharing food can nurture friendships, strengthen relationships and create a sense of belonging. At the same time, it sensitively draws attention to the contrasting circumstances of children who carelessly waste their food and those who may not have access to a proper meal. This meaningful portrayal encourages young viewers to recognise the value of food, appreciate their privileges and develop a compassionate understanding of the challenges faced by others.

The primary objective of the screening was to enrich students' learning experiences beyond textbooks and classroom discussions. Stories presented through visual media have a unique ability to capture young minds, evoke emotions and communicate powerful messages in an accessible manner. Through this initiative, students were encouraged to explore essential values such as empathy, generosity, gratitude, friendship, discipline and social responsibility. The film also provided an opportunity for them to reflect on their own habits, choices and interactions, inspiring them to become more mindful and considerate in their everyday lives.

The programme was conducted in an organised and systematic manner during regular school hours. All students from Secondary Section watched the movie according to a planned schedule, specially designed class-wise. The arrangements facilitated a smooth and comfortable viewing experience, allowing students to immerse themselves in the story and absorb its underlying message.

The young audience responded with enthusiasm and keen interest. The familiar school setting, relatable characters and engaging narrative made the film particularly appealing to the students. The screening offered a refreshing departure from routine classroom learning while creating opportunities for observation, emotional engagement and reflection. It demonstrated how meaningful learning can emerge from everyday situations when presented in an interesting and relatable format.

At its heart, School Tiffin conveyed a simple yet profound message: food is not merely a necessity but also a symbol of love, care and togetherness. The film inspired students to appreciate the efforts that go into preparing their meals, avoid unnecessary wastage and understand the importance of sharing with those in need. It also reinforced the idea that kindness often finds expression in small, thoughtful gestures and that every individual deserves to be treated with dignity and respect.

The screening proved to be a valuable learning experience, seamlessly integrating entertainment with moral and social education. By bringing important life lessons to the forefront through an engaging cinematic experience, the initiative contributed to the holistic development of young learners. It reaffirmed that education is not confined to academic achievement alone; it also involves nurturing sensitivity, strengthening character and cultivating responsible attitudes.
