Cinepolis Theatre in Viviana Mall for a special

screening of the popular movie ‘ELEMENTAL’. The movie was based on a city where fire, water, land and air residents live together, a fiery young woman and a go-with-the-flow guy discover something elemental: how much they actually have in common. _____ students were taken at Cinepolis Theatre. ____ teachers and ancillary staff also accompanied to ensure the welfare of the students.

The objective behind this was not only to refresh the students but also to give a visually enchanting and captivating experience of co-existence between various elements of nature. A vivid delight of emotion, an exquisite blend of heart tugging storytelling, unique characters and an artistry in animation that's what is seen in this movie. It tells you about love and compassion, how to get along in spite of having so many differences.
