

# D.A.V PUBLIC SCHOOL, THANE

2024-2025

## Report on Monsoon Mania

*'All work and no play make Jack a dull boy.'*

**DATE: 19/07/2025**

**VENUE: D.A.V PUBLIC SCHOOL, THANE.**

Monsoon Mania is a fun and engaging way to celebrate the rainy season, especially for students. This year again, D.A.V Public school, Thane has organized events and activities to make the most of this season.

Monsoon Mania is an event or celebration that takes place during the monsoon season. It's a time for students to come together, have fun, and engage in various activities that promote creativity, teamwork, and joy.

### Activities and Events

Some common activities and events that took place during Monsoon Mania included:

- Rain Dance: Parents and Students danced and enjoyed the music related to the theme, the cool weather and having fun with their friends and teachers.
- Umbrella (Bubble printing): Students painted and decorated umbrellas, showcasing their creativity and artistic skills which was a takeaway activity for them.

- Origami (Boat sailing in the water): Students make paper boats and float them in water-filled pool, promoting their skills and enjoying their paper boat floating in the water.

- Pool Activity (Rowing the boat): Students enjoying rowing the boat with their friends.

- Fun Games: Students and parents showed great excitement while playing the fun games organized by the teachers.

- Puppet Show: Students were thrilled listening to the puppet show story which was about the monsoon season, exploring the imagination, enjoying the puppets and language skills.

## Benefits for Students-

Monsoon Mania offers several benefits for students, including:

- Promoting Creativity: Students can express themselves creatively through various activities and events.
- Building Teamwork: Students learn to work together, promoting teamwork and camaraderie.
- Boosting Confidence: Students can build confidence through performances, competitions, and creative activities.
- Learning about the Monsoon Season: Students can learn about the science and importance of the monsoon season, promoting awareness and appreciation.

## Health and Safety Precautions-

During the monsoon season, it's essential for students to take health and safety precautions, such as:

- Staying Dry: Students should avoid getting wet and wear rain gear to stay dry.
- Maintaining Hygiene: Students should wash their hands regularly and maintain good hygiene to prevent the spread of illnesses.
- Eating snacks: Students enjoyed eating some street food like pani puri, sweet corn, samosas with some juice.

Overall, Monsoon Mania is a fun and engaging way to celebrate the monsoon season, promoting creativity, teamwork, and joy among students while also teaching them about the importance of health and safety precautions.
