D.A.V. PUBLIC SCHOOL, THANE
SESSION: 2026–2027

SHARK TANK INDIA: YOUNG FOUNDERS SPECIAL (SEASON 6)

Dates: 28th and 29th October 2026

IGNITING YOUNG MINDS, BUILDING FUTURE ENTREPRENEURS

DAV Public School, Thane, organised its very own **School Edition of Shark Tank India – Young Founders Special**, providing an exciting platform for budding entrepreneurs from Standards IV to X to showcase their creativity, innovative thinking and entrepreneurial abilities.

The initiative aimed to foster an entrepreneurial mindset among students by encouraging them to think beyond conventional ideas, identify real-world challenges and develop innovative solutions. It provided an opportunity for young learners to transform their imagination into practical business concepts while developing essential skills such as critical thinking, problem-solving, communication, collaboration and decision-making.

The school-level competition was conducted over two days. The **Individual Project Presentations** were held on 28th October 2026, followed by the **Group Project Assessments** on 29th October 2026. The school library served as the venue for this exciting entrepreneurial showcase.

Students from Standards VI to X participated enthusiastically, presenting a diverse range of ideas, products and innovative solutions. Each presentation reflected the participants' creativity, research, confidence and understanding of the concepts they proposed. The individual presentations provided students with an opportunity to independently articulate their business ideas, while the group projects highlighted teamwork, collective brainstorming and the ability to work collaboratively towards a common goal.

The young innovators demonstrated remarkable confidence as they explained the uniqueness, purpose and potential applications of their ideas. Their presentations reflected an emerging understanding of entrepreneurship, product development and the importance of addressing everyday challenges through creative solutions. The competition also encouraged students to think like young business leaders and develop the courage to present their ideas before an audience.

A total of 34 entries, comprising individual and group projects, were forwarded to Sony TV for Shark Tank India – Young Founders Special (Season 6). This marked a significant milestone for the school, as the young participants received an opportunity to take their entrepreneurial aspirations beyond the classroom and towards a prestigious national platform. The selected participants subsequently completed their enrolment for the programme, taking an encouraging step forward in their entrepreneurial journey.

The initiative proved to be an enriching learning experience, giving students the confidence to explore their entrepreneurial potential and recognise that every successful venture begins with an idea and the courage to pursue it. It also encouraged them to embrace innovation, develop leadership qualities and understand the value of perseverance and teamwork.

Through this endeavour, DAV Public School, Thane, reaffirmed its commitment to nurturing innovation, creativity and an entrepreneurial spirit among its students. The event was not merely a competition but a celebration of young minds, bold ideas and limitless possibilities, truly taking our budding entrepreneurs **from the school stage to the national spotlight!**
