

DAV Public school, Thane

Session 2023-2024

Environment Day Celebration

Beginning in the year 1974 World Environment Day is celebrated every year on 5th June to spread awareness about environmental issues, promote sustainable practices, and encourage students and staff to become proactive environmental stewards. It is one of the biggest campaigns of United Nations for raising awareness on several issues like climate change, environment, marine life, over population and illegal wildlife trade etc.

The teachers of DAV Public school, Thane, took "**Environment Pledge**" for creating a better world free of pollution. It is the duty of all the citizens to keep the environment live worthy by practicing three Rs, REDUCE, REUSE, RECYCLE.

On this world Environment Day, it is time to come together and work towards a cleaner environment. Earth does not need humans, the humans need earth. The teachers expressed solidarity by participating in a pledge for environmental preservation. The event empowered everyone to become more responsible citizens and take active steps towards preserving and protecting the environment. The teachers also made book mark on the theme "Save Environment".
