

**D.A.V. PUBLIC SCHOOL, THANE
ECO CLUB (2025-2026)
SECONDARY SECTION**

Ref. : DAV / Thane /2025-2026/Cir 10

“Preserve and cherish the pale blue dot, the only home we've ever known.”

Dear Parents,

DAV Public School Thane is pleased to organize the following activities in June under ECO CLUB for the students of Std VI to X.

GRADE VI to VIII

1) **"Buzzing for the Planet!" - Creative Awareness Activity on Bees**

Bees may be small, but their impact on our world is *huge*! To help everyone understand the vital role of bees in our ecosystem, bring awareness to your class in any creative format, such as:
Speech or informative talk, Skit or roleplay, Talk show or interview, Posters with explanation,
Poetry or Storytelling, Song or Jingle. (group activity – 5 students)

2) **"Trash to Treasure" DIY Upcycling Challenge (individual activity)**

This activity is all about turning everyday waste items into useful or decorative objects, while promoting the values of reusing, reducing waste, and protecting the environment. Let your imagination run wild!

You may use materials like: Old plastic bottles or containers, Used boxes or packaging, Worn-out clothes or fabrics, Newspapers, Broken gadgets, Bottle caps, buttons, CDs, tin cans, etc.
Create anything you like, such as: Pen stands, planters, wall hangings, Organizers, gift boxes.

GRADE IX to XII

1) **Movie Making Challenge** -showcase your innovative spirit while contributing to a greener tomorrow.

Students will make a short movie on the topic given

TOPICS (Choose One): 1. Ending Plastic Pollution
2. Green Energy: Powering a Sustainable Future

Instructions:

- Group activity (Max. 5 students per group), Duration: **2–4 minutes**
- The video can be a **short film, documentary, animation, or skit**

2) **Eco-Innovation Competition**

Put your thinking caps on! Design or propose a **sustainable product, idea, or solution** to help the environment. Your innovation can be: A model or prototype, a written proposal with visuals, creative presentation with explanation.

GUEST SPEAKER ON ENVIRONMENT

To promote awareness about ***"Clean and Green planet"***.

PLASTIC AND E-WASTE COLLECTION

Citing the importance of the '3Rs', students will collect plastic & E-waste from their home and bring it to the school for their safe disposal. The schedule will be shared with the students.

PLEASE NOTE: Participation is mandatory. Students are to take part in any one of the activities.

Save the Earth and Save the Future !!!

Regards

Simmi Juneja
Principal
