

# DAV PUBLIC SCHOOL, THANE

SESSION: 2024-25

## Environmental Conservation

DAV Public School, Thane celebrated World Environment Day with great enthusiasm and dedication on June 5, 2024. The event aimed to raise awareness about environmental issues and encourage students to take active steps towards protecting our planet.

The celebration began with songs and speech on the importance of environmental conservation in the morning assembly, emphasizing the role of students in creating a sustainable future followed by a Tree Plantation Drive. Students, teachers, and staff participated actively, planting over 50 saplings of various native species. This initiative aimed to promote reforestation and enhance the green cover of the school. Students from different grades participated in a Poster and Slogan Writing Competition. The themes focused on Environmental Conservation, Pollution Control, and Climate Change. The creativity and innovation displayed by the students were commendable. The winning entries were displayed around the school to spread awareness. A cleanliness drive was conducted in and around the school campus. Students and teachers collaborated to clean the surroundings, emphasizing the importance of maintaining a clean and healthy environment. An interactive Eco-Quiz Competition was held in which students participated enthusiastically, answering questions related to environmental issues, wildlife conservation, and sustainable practices. The quiz helped reinforce their knowledge about the environment.

The World Environment Day celebration at School was a resounding success. The activities not only educated students about the pressing environmental challenges but also motivated them to become proactive in safeguarding our planet. The event concluded with a pledge by students and staff to continue their efforts towards environmental conservation throughout the year. The school's commitment to environmental education and sustainability was evident through the active participation and enthusiasm of everyone involved. This celebration served as a reminder that collective efforts can make a significant impact on preserving the environment for future generations.
